

# Sport and Active Recreation Strategy 2023-33

## Implementation Plan

## Implementing the Strategy

The *Sport and Active Recreation Strategy 2023-2033* and Implementation Plan identifies the strategic actions and key infrastructure that will enable Council to achieve its vision and outcomes and respond to the community's needs and desires identified during the community engagement process.

The Implementation Plan is in two sections:

**Section 1** includes regional and district actions; and

**Section 2** includes local actions for Council's 14 local profile areas.

The implementation of the strategy's actions is also influenced by:

- The availability of State and Federal Government grants and subsidies;
- The prescriptive nature of various grants and subsidies and aligning the grant funding directive with the strategy's recommendations and outcomes;
- The availability and capacity of staff;
- Council's capacity annually to fund the desired levels of service, considering both capital investment and ongoing operational and maintenance demands; and
- Council's wider budgetary priorities.

Accordingly, as work programs and budgets are developed, some prioritised actions may be delayed or others brought forward. Some actions may be reconsidered as circumstances change, new information is uncovered and experience is gained following implementation.

The Implementation Plan has been presented as a separate document to the strategy so that it can be reviewed annually and updated regularly to reflect current policy and directions, community feedback and to effectively monitor and evaluate progress. However, the Implementation Plan should be viewed in conjunction with the *Sport and Active Recreation Strategy 2023-2033*.

# SECTION 1: REGIONAL AND DISTRICT ACTIONS

## **OUTCOME 1: We build the capacity of people who make sport and recreation possible and empower individuals to make healthy choices.**

### **1.1 We have clarity around how physically active our residents are through valid health data. We target our programs toward the least active and most vulnerable in our city.**

<b>Ref Number.</b>	<b>Action</b>	<b>Priority</b>	<b>Project Type</b>	<b>Leader (L) &amp; Partners</b>	<b>Funds</b>
1.1.1	Develop a Tweed Health Data Working Group in partnership with Healthy North Coast and NSW Health to lobby for Tweed-specific health data regarding physical activity levels of residents in the Tweed.	H	P	PAC, NSW Government	BAU
1.1.2	Council to capture health data sets to support future decision making and investment in sport and recreation. This could include the development of a working group with key stakeholder organisations. This could include participation, volunteering and membership data.	H	P	PAC, NSW Government	UF
1.1.3	Benchmark other Council's who capture health data sets.	H	P	PAC, NSW Government	BAU
1.1.4	Investigate existing data sets from sports data organisations.	M	P	PAC, NSW Government	UF
1.1.5	Seek funding to provide improved services for vulnerable cohorts.	M	P	PAC, NSW Government	UF
1.1.6	Develop repeatable methodology for the Tweed Sport and recreation data set and consider the use of a dashboard. This needs to be easily evaluated and repeatable at little cost.	M	P	PAC, NSW Government	UF

## 1.2 Our sports clubs are thriving and well-resourced, capable of servicing the demand for delivering community sport, events and programs that increase physical activity.

Ref Number.	Action	Priority	Project Type	Leader (L) & Partners	Funds
1.2.1	Formalise club capacity building through an program which includes guidance on strategy development, business planning, MoUs between clubs, optional lease arrangements, implementation of technology etc. This could be delivered by sport club governance and technology consultants or via an expert on staff.	H	SP	PAC	UF
1.2.2	Investigate a pilot project which supports clubs to have commercial activities that can support clubs to manage their facilities, employ staff and grow membership. This may require review of current planning policies. Eligibility criteria would include: <ul style="list-style-type: none"> <li>• being an incorporated association or equivalent</li> <li>• being a not-for-profit, community-based organisation</li> <li>• maintaining \$20 million public liability insurance</li> <li>• being able to show how the organisation can meet the financial, management and maintenance obligations of commercial activity</li> </ul>	M	SP	PAC	UF
1.2.3	Identify ways to minimise documentation requirements to streamline requirements for occupancy agreements.	M	SP	PAC	UF
1.2.4	Develop a sports and recreation volunteer strategy that considers a city-wide volunteer thank-you program, tools for clubs to celebrate, reduced fees and thank sport volunteers. This should align with national frameworks such as the Australian Sport Commission's <i>Sport Coalition Volunteer Action Plan</i> and Council's existing Volunteer Management Policy. It could include workshops focused on creating a culture of volunteering and recruiting and retaining officials and coaches.	M	SP	PAC	UF
1.2.5	Review the value that the Shire's ageing population could have in building volunteerism for sport and recreation in the Shire.	M	SP	PAC	UF
1.2.6	Provide opportunities for clubs to meet, learn and share knowledge with a focus on how they are decreasing the burden of volunteering, nurturing coaches and referees, improving governance etc. The Tweed Sports Summit is an appropriate vehicle to do this. This could include a quarterly newsletter that includes funding opportunities, club of the month, annual forum, club blogs etc.	M	SP	PAC	UF
1.2.7	Continue to deliver the Tweed Sports Summit on a biannual basis	H	SP	PAC	UF
1.2.8	Council to develop LGA wide Tennis Management Plan to formalise tenure, management, and maintenance.	H	P	PAC	UF

## OUTCOME 2: We deliver and protect the places that enable us to play sport and be active.

### 2.1 Our sport and recreation facilities are maintained to a safe standard for the conduct of community sports competition. We have a ten-year plan to improve our sport and recreation facilities through refurbishments with a focus on climate resilient design and materials that 'build back better'.

Ref Number.	Action	Priority	Project Type	Leader (L) & Partners	Funds
2.1.1	Have a deliberate strategy to seek partner and grant funding to deliver sport and active recreation infrastructure and services in accordance with the Strategy. Projects that arise that are not on this program will not be prioritised.	H	S	PAC	BAU
2.1.2	Ensure developer contributed (sports fields, embellishments and facilities) assets meet minimum standards outlined in the section 7.11 of the EPA Act and A5 Subdivision Manual.	H	P	PAC	BAU
2.1.3	Deliver the NSW government funded Community Assets Program funding program.	H	CW	PAC	F
2.1.4	Source and adopt a guideline which defines how facilities can be designed and built to be climate resilient - examples include wash down materials, hose out floors, higher electrical fittings, fire resistance, water etc and minimise microplastics run off.	M	P	SPUD, PAC	UF
2.1.5	Source and adopt a guideline which defines how facilities can be designed to meet Cool Towns objectives and built to be climate resilient - examples include wash down materials, hose out floors, higher electrical fittings, fire resistance, water etc	M	P	SPUD, PAC	UF
2.1.6	Provide developers with direction on required contributed asset requirements (sports fields, facilities and embellishments) based on this strategy.	H	P	SPUD, PAC	BAU

### 2.2 We maximise the use of our available assets and include other opportunities such as schools, community halls etc

Ref Number.	Action	Priority	Project Type	Leader (L) & Partners	Funds
2.2.1	Partner with Education NSW (through the establishment of community use agreements) and other key stakeholders to enable non council sports facilities and recreational spaces to be made available to the community e.g., schools, community halls etc.	M	SP	PAC, Ed NSW	BAU
2.2.2	Deliver a pilot project which demonstrates best practice multipurpose (when it is feasible and appropriate) – the pilot site could be based in the north of the Shire and consider multiple sports, infrastructure requirements, surface impacts and timing.	M	CW	D, SPUD, PAC	UF
2.2.3	Review of existing guidelines such as the Tweed Development Control Plan Section A5 and the Sportsfield Construction Guidelines to incorporate appropriate flood impact requirements.	M	P	SPUD, PAC	UF
2.2.4	Development of a Tweed Shire Council 2032 Roadmap and associated prospectus. This will be developed under the governance of the Northern Rivers – 2032 Olympic Opportunities Working Group.	H	SP	PAC	UF
2.2.5	We continue to seek opportunities to reduce the current gap in sports fields in the northern part of the Shire.	H	P	PAC	UF

## 2.3 Clubs have efficient operating models with clubs supported to become more independent and less reliant on Council support

Ref Number.	Action	Priority	Project Type	Leader (L) & Partners	Funds
2.3.1	Develop and trial an agreed lease arrangement with a club that has strong demonstrated governance. Eligibility criteria would include: <ul style="list-style-type: none"> <li>being an incorporated association or equivalent</li> <li>being a not-for-profit, community-based organisation</li> <li>maintaining \$20 million public liability insurance</li> </ul> It would also include demonstrating how the organisation can meet the financial, management and maintenance obligations of a lease	M	SP	PAC	UF
2.3.2	Consider lease arrangements whereby the tenant must maintain the club facilities and if there are times whereby a club house could be utilised for community purposes incorporate the requirement to support local community use into the tenancy agreement.	M	SP	PAC	UF
2.3.3	Develop a lessons learnt process to capture learnings and continue to revise and improve lease and licensee agreements annually.	M	SP	PAC	UF

## 2.4 Deliver a multi-purpose indoor-sports facility within the Shire.

Ref Number.	Action	Priority	Project Type	Leader (L) & Partners	Funds
2.4.1	Develop the business case (scale, location and operations) for the indoor sports facility that considers sites such as: <ul style="list-style-type: none"> <li>South Tweed Community Centre/Aquatic Centre Site</li> <li>Arkinstall Park – South Tweed</li> <li>Depot Road Sportsfield Site – Kingsforest</li> <li>Kingsforest Subdivision</li> </ul>	H	P	PAC	UF
2.4.2	Confirm private sector funding partnership opportunities (eg PCYC) this may include operational and management models.	H	P	PAC	UF
2.4.3	Consider developing an internal Project/Facility – Community Reference Group to drive design, procurement and asset management issues.	H	P	PAC	BAU

## 2.5 We build on our strengths of the natural beauty of the region and prioritise nature based experiences

Ref Number.	Action	Priority	Project Type	Leader (L) & Partners	Funds
2.5.1	Develop a Tweed Nature Based Experience Strategy which specifies how to best make use of the Shires natural assets for tourism and recreation. Consider MTB, hiking, horse trails, natural swimming etc. This would need to be developed in partnership with other government organisations and the private sector. This would require Council support for an internal working group to advance.	M	SP	PAC	UF

## OUTCOME 3: More people, more active, more often

### 3.1 We have a plan to continue to improve our physical activity levels alongside our projected population growth with a focus on providing opportunities for people to incorporate more physical activity into their lives and participate in a way that suits their lifestyle.

Ref Number.	Action	Priority	Project Type	Leader (L) & Partners	Funds
3.1.1	Pilot a Council subsidised activity program with existing Tweed service providers. Investigate the feasibility of this type of program, the resource requirements for Council and local law implications.	L	SP	PAC	UF
3.1.2	Identify the groups that are most at-risk of physical inactivity and identify targeted opportunities to get them more physically active and socially connected.	L	SP	PAC	UF
3.1.3	Deliver sports and infrastructure requirements that will meet the needs of our ageing population – this will include delivery of an indoor sports facility, multi-purpose facilities, shaded walking trails and support for growth sports such as pickleball and pilates. This could include considering how we use other community assets such as community centres and men's sheds. Social interaction needs to be considered in this approach.	H	SP	PAC	UF

### 3.2 We support clubs to attract sport and physical activity events, carnivals and training camps that provides a positive economic injection into our community and provide a platform for Tweed residents to participate in more sporting events on their doorstep.

Ref Number.	Action	Priority	Project Type	Leader (L) & Partners	Funds
3.2.1	Develop a sports events attraction strategy to enable regional, state and national events to be attracted to the Shire that reflects community expectations. Develop this based on a benchmark analysis of comparable Councils. Target niche specific events, carnivals and camps that bring a substantial economic injection into the Tweed Shire (e.g. a minimum of 1:3 ratio, for every \$1 spent \$3 is injected into the local economy).	M	SP	PAC	UF
3.2.2	Work with each sport to review what infrastructure requirements are required for sports to host state and national level events and determine if these requirements will bring a viable return on investment within the ten-year period.	M	SP	PAC	UF
3.2.3	Connect Tourism and Business to sport planning in an intentional way looking for opportunities 2-4 years in advance that drive economic and liveability benefits to the community	M	SP	PAC	UF

### 3.3 We promote and leverage our existing strengths in high performance to inspire more of the community to get active as well as positioning Tweed in surfing high performance

Ref Number.	Action	Priority	Project Type	Leader (L) & Partners	Funds
3.3.1	We build on our existing strengths such as profiling the surfing high performance facility with the aim of being the leaders in Australia for nurturing surfing's pathway from juniors to elite - supporting through marketing, approvals and financial incentives.	M	S	PAC, Surfing NSW	UF
3.3.2	Develop a Surf Management Plan which could consider events, abilities, access, commercial, schools, competitions etc.	M	S	PAC, Surfing NSW	UF
3.3.3	Consider a green zone pilot project to enable emerging surfers to learn safely.	M	P	PAC, Surfing NSW	UF
